## Privateer Press May 2009 Releases

### Circle of Orboros Shadowhorn Satyr    MSRP \$37.99    PIP 72036    UPC 8-75582-00562-6

The shadowhorn breed of satyr has entered the fray with enthusiasm. They are of a more slender build than the stockier gnarhorn, but their energetic personalities are even more aggressive, and they often display savage glee when closing with the enemy. Their nimble athleticism makes them capable of impressive feats, such as using the momentum of an attacker against it. Shadowhorn Satyr comes in a box. A player may field any number of Shadowhorn Satyrs in his Circle of Orboros horde. Releases May 20th.

### Legion of Everblight Typhon Unique Heavy Warbeast    MSRP \$49.99    PIP 73035    UPC 8-75582-00572-5

This truly monstrous creature bears little resemblance to any beast arisen in nature. It is the organic consequence of a malevolent intelligence bent on creating weapons spawned of its own blood, flesh, and bone. Each of its three heads moves of its own accord, seeking victims to rip apart with powerful jaws or breathing out concentrated streams of superheated ash. Typhon comes in a box. A player may field one Typhon in his Legion of Everblight horde. Releases May 6th.

### Skorne Molik Karn Unique Heavy Warbeast    MSRP \$27.99    PIP 74037    UPC 8-75582-00584-8

Molik Karn has borne the paingivers' lash and learned to obey, but his will has never been broken. His service to Makeda extends beyond mere slavery; he has some deeper loyalty to her and brings the full force of his deadly strength and barbaric nature to fight at her side. He truly is a cyclops lord—a giant of his species, cunning despite his brutishness. Molik Karn comes in a box. A player may field one Molik Karn in his Skorne horde. Releases May 20th.

### Minion Lanyssa Ryssyll, Nyss Sorceress, Character Solo    MSRP \$9.99    PIP 75020    UPC 8-75582-00598-5

Lanyssa was a prodigal sorceress who proved just as adept with the magic of her people as she did fighting with a claymore in hand. She feels both fortunate and guilty for having been away from her homeland during the cataclysm invoked by Thagros's rise. Now, after facing the horror that is the Legion of Everblight, she has vowed to spend her power to annihilate this enemy. Lanyssa Ryssyll comes in a blister. Lanyssa Ryssyll will work for Cygnar, the Retribution, the Circle Orboros, and Trollbloods. A player may field one Lanyssa Ryssyll in his army or horde. Releases May 6th.
